KAUPTHING SIGNATURE VERIFICATION FORM INSTRUCTIONS

(Transfers, Markdowns and Realignments)

Signature Verification is required for all parties signing a transfer, markdown, or realignment request form. This signature verification form is only required to be submitted once and will be kept on file for all future requests. Additional signature verification will only be requested if another party not already listed on the signature verification form signs a request form or if the claimant or beneficial owner undergoes an official name change. Original signature verification documents should be submitted along with the request form. Failure to submit acceptable signature verification documents along with the request form will only delay the process and may result in your request being deemed defective.

If you have not already submitted acceptable signature verification to Epiq Bankruptcy Solutions LLC, please complete the attached signature verification form and submit the original to:

SECTION A

The name of the Transferor, Transferee, or Claimant/Beneficial Owner should be listed, <u>NOT THE NAME OF THE AUTHORIZED SIGNATORY</u>. The address and contact information for the Transferor, Transferee, or Claimant/Beneficial Owner should also be provided in this section.

SECTION B

The authorized signatory should print their name & title and sign in the designated field.

CERTIFICATION & NOTARIZATION

IT IS REQUIRED THAT THE CERTIFYING SIGNATURE BE NOTARIZED.

The appointment, capacity and signature of each authorized signatory listed in <u>Section B</u> must be <u>CERTIFIED</u> by an authorized party that is <u>NOT</u> listed in <u>Section B</u>. The certifying signature must be of someone with equal or greater authority than the person(s) listed in <u>Section B</u>, preferably a Corporate Secretary, CEO or other person holding an executive level position.

The Signature Verification will be deemed defective for the following reasons:

- The name listed in <u>Section A</u> does <u>NOT</u> match the name of the entity listed on the Request Form
- The signatures are **NOT** original
- The form is **NOT** dated by both the Certifying Signatory AND the Notary
- An Authorized Signatory listed in Section B also certifies the document

If for any reason there is only <u>ONE AUTHORIZED SIGNATORY</u> for the company, we must also receive signed supporting documentation showing that there is only one authorized signatory.

If you would like to authorize more than five (5) signatories, you may do so by checking the designated check box on the Signature Verification Form and by attaching a schedule with the additional Authorized Signatory names, titles and signatures. Please note that any additional attachments must also be certified and notarized.

If for any reason the stamp/seal of the Notary must be on a separate page, please check the designated check box at the bottom of the Signature Verification Form indicating that the Notary's declaration, signature and stamp/seal are located on the attached page.
